influenced her music study, so the concert may include other musical surprises. Nina has studied with Master piano teacher Stella Pola for the past thirteen years. For over two years, Nina has been an accompanist for the Contemporary Worship Service here at Trinity Presbyterian Church; she also serves as accompanist for the Life Teen Mass each Sunday at Santa Maria del Mar Catholic Church. Nina played keyboard for the Matanzas High School jazz band for six years. After graduation, Nina will pursue a major in Music Performance at the University of North Florida, Jacksonville. Her career goal is to become a film composer or a music supervisor in the movie industry. Nina's musical talents will captivate the audience so be sure to mark your calendar for this afternoon of beautiful music. The audience will have an opportunity to meet and congratulate the artist at a reception following the performance. A free will offering will be taken at the concert.

A Special
THANK YOU

The Christian Education Committee would like to thank Lois Settles for her generous contribution of 135 books to be included in the Children's Worship packets in loving memory of her sister, Jean Webb. Donna Decina will change the titles as the church seasons change. These books are a wonderful opportunity for Trinity to welcome young children to worship with us. Thank you, Lois, for your gifts and your service to the youth of our church.

Young Masters Concert

Featuring Nina Eustaquio in her Senior Recital

June 9, 2013, at 2:30 PM
Trinity Presbyterian Church

Nina Eustaquio, a senior at Matanzas High School, will present her Senior Recital on Sunday, June 9, 2013, 2:30 p.m., at Trinity Presbyterian Church. Her program will include music from the masters, as well as original compositions. She will also play a duet for piano and violin with Father Alberto Esposito, pastor of Santa Maria del Mar

begin a few minutes before 10 a.m. At 10 a.m., we will have a traditional service with the sermon coming very early in the service. After the sermon, we will pass the peace. Those who have come at 9:30 will, presumably, pass the peace and go home. Those who came at 10:00 a.m. will stay for the rest of their normal traditional service. Think of it as overlapping services if you will. Those who come at 9:30 will experience just one service and those who come at 10:00 will also experience just one service with a slightly different order than during the rest of the year. The sermon time and the passing of the peace will be "shared" with both services. The wonderful thing about this is that, for a period of weeks this summer, three services will become one. What a great experience for Trinity church—three in one!

It is my great hope that Trinity Legacy Month and the Summer Worship Schedule will make us a more vibrant and unified church. May God continue to bless us all as we make our pilgrim journey together.

One other thing I need to mention is HIPAA law. These laws have changed the way your church works. Due to HIPAA law, we do not know if you are in the hospital unless you tell us or have someone tell us. (If a hospital volunteer sees you, they cannot tell us they have seen you without your specific permission). Don Scott, Sheryl, and I are ready to visit you wherever you are, but only when you direct us to do so. You do not have to do this personally. You can have someone else tell us of your need. Likewise, you can ask to be prayed for silently or openly, privately or publicly. All of these options are open to you. All you have to do is direct us. We are ready to offer you spiritual support upon request.

Blessings,

Dr. Watson

WILLS EMPHASIS MONTH – MAY 2013

The Session has declared May 2013 as Wills Emphasis Month and Wills Emphasis Sunday will be observed on May 19 with a surprise guest speaker.

“Presbyterians are a generous and thoughtful people. Throughout their lives, many Presbyterians feel the call to support their church, specific programs, missions and ministries. In fact, good Christian stewardship is a hallmark of the Presbyterian faith. Stewardship is defined by Presbyterians as: “The people of God manage God’s gifts responsibly and seek to make proper use of the good gifts of God’s creation.”

--Presbyterian Handbook

Presbyterians believe that God calls us to be followers of Jesus Christ and also can call us to various forms of work and service so we can live out our discipleship in the world. Our Service is in our homes, our towns and our churches – these are all callings through which God is glorified. Our calling to be good stewards of His gifts inspires us to reach into our pockets and share our financial blessings. We tithe knowing that we have been given much and that through our weekly gifts God’s work is able to continue in our church, local community and around the world. Despite faithful stewardship during our lifetime, many times we fail to think about extending our support thereafter.

Why is there such hesitation to create a legacy of faith with a bequest that will provide support to a church beyond the member’s lifetime? It is not as though any of us thinks that we can “take it with us.” We plan our wills to provide for a spouse, children, grandchildren. But what about leaving a legacy to those causes we have supported so faithfully during our lifetimes?

HOLIDAY FAIR 2013

Our Holiday Fair won't be held until November, but spring is a great time to clean out your jewelry drawer and donate pieces you no longer wear. Just bag the pieces up and drop them in the yellow donation box in the Narthex marked "Jewelry for the Holiday Fair". Please donate any jewelry you do not need anymore. The pieces will be carefully cleaned and put in resale condition, as needed. In the spirit of "The Power of One" we are asking that you consider donating any gold pieces, even if they are broken. CELEBRATING AN
Anniversary 
40 Years +

CHAPLAIN'S CORNER

The Rev. Sheryl Sumlin-Barclay

"I used to be able to mow my own grass just last year."

[102 year old man]

How are you feeling today? "I could feel better...I used to be able to go out and mow my own grass." This was the beginning of a conversation I had with a gentleman who was 102 years old. He was frustrated with not being able to do the things which made him feel fulfilled in life and he was mad as a Cheshire cat... however a cat may feel. In any case, the 102 year old was upset because all of his life he had been independent and able to move in this world the way he wanted to and now, things have changed due to his ailments.

He talked about all the changes in the world in the last 95 years. He spoke of his childhood, and he spoke of hearing the radio for the first time and where he was when television first became known. He spoke about how music and dancing has evolved, as he was a ballroom dancer in his day! "Dancing with the Stars had nothing on me!" He had an amazing life, full of action, music, a great career, "beautiful women", and wonderful children, grandchildren and great-grandchildren. We ended our discussion with him saying this. "I love this life....things have not been perfect, but it's all the life I've ever known. I think God has slowed me down from doing life....so I can appreciate it more."

After our visit, I jumped in my truck with more vigor that day, and looked at the clouds, and took a deep breath by the ocean, and spoke to my children and told them how much I loved them. And wondered how being 102 may feel.... And thanked God for the years so far... after all, it's all the life I've ever known. Thanks be to God!

"Do not speak harshly to an older man, but speak to him as to a father, to younger men as brothers, to older women as mothers, to younger women as sisters with absolute purity." --Timothy 5: 1-2
