WORKSHOP DESCRIPTION

A	Moderator/ Vice Moderator	Learn the roles and responsibilities of the PW Moderator/Vice Moderator positions at the congregational level. Presenter: Gayle Bone PWP Moderator:
B	Treasurer	Learn the roles and responsibilities of the PW Treasurer position at the congregational level. Presenter: Lois Morse PWP Treasurer:
C	The Problems with Plastics	The Microplastics Awareness Project goal is to raise awareness about sources of and threats posed to the coastal environment. Volunteers are needed to collect samples for analysis and teach people how to reduce their contribution to the problem. As a Sea Grant extension Agent, Maia conducts informal education projects on topics including marine debris, climate change and invasive species. Presenter: Maia McGuire PhD, creator of the Florida Microplastic Awareness Project and UF/IFAS Extension Faculty member.
D	Pantry Posies	Learn to craft decorative and colorful flowers from everyday items!! There are many common kitchen items that can be made into great decorations. Join Maggi to try your hand in creating one of her many projects. She will supply all materials and provide instructions and suggestions for more great ideas to challenge your inner artist!! Presenter: Maggi Fox is a local artist and has had works on display in Ormond Beach and Palm Coast.
E	Benefits of Good Landscaping and Tree Care	Bill will share design principles, value of landscaping and proper tree pruning. Bill has a degree in landscape management from Purdue University and has been the landscape architect for Ormond Beach and Palm Coast for almost 30 years, newly retired this year. Presenter: Bill Butler former Palm Coast Landscape Architect

**ANNUAL GATHERING OF THE PRESBYTERIAN
WOMEN OF THE ST AUGUSTINE PRESBYTERY
JANUARY 26TH 2019
TRINITY PRESBYTERIAN CHURCH**

Rethreaded started with a simple idea and a strong passion from its founder Kristin Keen. Beginning with forming relationships with women on the street and making prison visits, she knew the biggest need was for a safe, supportive work environment where these women could earn money while learning a skill and experience continued healing through community. Working in partnership with the City Rescue Mission, Rethreaded hired its first full-time employee in November 2012. Content provided by: <https://www.rethreaded.com>.

THE FACTS:

75%

More than 75% of women in the sex trade were sexually abused as children.

\$150 billion

Human Trafficking is a \$150 billion a year industry and a form of modern-day slavery that subjects women, children and men to force, fraud or coercion for the purpose of commercial sexual exploitation or forced labor.

90%

90% of women want to leave the sex trade but don't have access to jobs.

OUR MISSION

Our mission is to **renew hope, reignite dreams** and **release potential** for survivors of human trafficking, **LOCALLY** and **GLOBALLY** through business.

LOCALLY:

Sewing a New Story

Rethreaded provides a second chance at life through employment for survivors of human trafficking in Jacksonville, Florida. Women have employment opportunities in different facets of the company including production, inventory, sales, marketing and finance/admin.

GLOBALLY:

Supporting Freedom Businesses

Rethreaded also operates as a distribution company that sells products from like-minded businesses who also employ women who have found freedom from the sex trade.

Did you know?

Our local business is based on upcycling materials that would go to landfills and make them into beautiful products.

T-shirts and other materials (like leather seat covers from Southwest Airlines®) are donated to Rethreaded by individuals, businesses and organizations.

Beautiful products are created by Rethreaded employees from these donated materials.

Products are sold at our retail store, events and online.

Your purchase directly gives freedom to women affected by the sex trade. As sales increase we are able to hire more employees, offer viable job opportunities and break the cycle of the sex trade.

OUR VALUES

"Rethreaded seeks to restore choice for survivors and that is being accomplished in my life for sure. I don't have to spend all of my time struggling to survive. I have the resources, opportunities and relationships in place that I need to continue to move forward and grow."

JENN MARTIN | Survivor Mentor

DAYS FOR
GIRLS

<https://www.daysforgirls.org/>

One of *Days for Girls* mottos is “Keep Girls in School. Period.” This amazing organization has a goal of making washable sanitary products for girls all over the world in order to keep them in school and avoid early marriage or trafficking of young girls. In many parts of the world – where fresh water, sanitation and feminine hygiene supplies are scarce or non-existent – girls miss school during their periods. *Days for Girls* kits contain washable cotton liners and shields so that girls do not have to miss school because of their periods.

WHY DAYS FOR GIRLS

Every girl and woman has inherent worth and dignity. *Days for Girls* celebrates this by providing washable feminine hygiene solutions, health education and enterprises to help them reach the last mile in their own communities.

When girls and women have health, education, and opportunity, communities and our world are stronger.

Please consider donating:

- One Gallon Freezer Ziploc brand bags (no sliders as these break)
- Girls panties size 14 or 16 or ladies 5-9. Colorful (not white) cotton briefs or bikini panties (no thongs or boy shorts).
- Or donate \$10 to purchase these items for *Days for Girls*.

All donations will be given to the *Days for Girls* Gainesville chapter. The materials will be used to make the liner, shields and bags which typically last three years for each girl. Thank you for your generous support of this Together in Service project for PW.

Days for Girls is on the path to reach 1 million women and girls with access to feminine hygiene they can count on month after month. It's working! Can we count on you to help?
